1. Responsible for Data Processing

Responsible in the context of the data protection law:

Stiftung dropforlife
c/o entrepreneurial mindset AG
Räffelstrasse 11
8045 Zürich
Email: admin@dropforlife.org
Website: www.dropforlife.org

If you have any questions, concerns, requests or comments about data protection, please contact us by e-mail or regular mail.

2. General Information and Our Commitment to Data Protection

The following overview informs you about our approach to process personal data information when you visit our website. Personal information is any information that personally identifies you.

It is important for dropforlife that you understand how information about you is used and shared. We appreciate your trust in us that we do this carefully and reasonably. We treat personal data confidentially and in accordance with the data regulations of Switzerland (DSG) and any applicable foreign data protection law, in particular of the EU (DSGVO).

This privacy policy informs you about decisions you can take regarding the approach to your personal data collection and processing.

We would like to emphasize that data transmission over the Internet (e.g. communication by e-mail) can be subject to security gaps. A complete protection of the data against access by third parties is not possible.

3. How We Collect Data

We collect personal data when you voluntarily submit it to us. For example, this may involve data that you enter in a contact or donation form.

Other data is also automatically collected by our IT systems when you visit the website. These are mainly technical data (e.g. Internet browser, operating system or time of the page call). This data is collected automatically as soon as you enter our website.

For example, as a donor you can provide us with personal data (such as name, address, e-mail address, telephone numbers and/or credit card information). When a donor or visitor to the Site contacts us by e-mail, they may provide us with their e-mail address and name. This information is necessary in order for us to process your donations or requests.

SSL or TLS encryption

For security reasons and to protect the transmission of confidential content that you send to us as the site operator, this site uses SSL or TLS encryption. You can recognize an encrypted connection by the fact that the address line of the browser changes from "http://" to "https://" and by the lock symbol in your browser line.

If SSL or TLS encryption is activated, the data you transmit to us cannot be read by third parties.

4. Using Your Data

Some of the data is collected in order to ensure that the website is free of errors. Other data may be used to analyze your user behavior.

We collect information primarily to receive financial support, make our charitable projects a success, and inform you about our projects and activities. We also use information for analytical purposes (to respond to requests for information and improve our website, support base and reach).

We do not trade, share or sell any information you provide to us with other companies that intend to use it only to market their products or services to you.

5. Newsletter and Electronic Notifications

We send newsletters, e-mails and other electronic notifications (hereinafter referred to as "newsletter") only with the consent of the recipients or with a legal permission. If the contents of the newsletter are specifically described in the registration, they are decisive for the consent of the user. In addition, our newsletters contain information about our services and us.

In order to subscribe to our newsletters, it is generally sufficient to provide your e-mail address. However, we may ask you to provide a name, for the purpose of a personal address in the newsletter, or other information, if this is necessary for the purposes of the newsletter.

Double opt-in procedure: Registration for our newsletter is always carried out in a so-called double opt-in process. This means that after registration you will receive an e-mail in which you are asked to confirm your registration. This confirmation is necessary so that no one can register with other e-mail addresses. The registrations for the newsletter are logged in order to be able to prove the registration process according to the legal requirements. This includes the storage of the registration and confirmation time as well as the IP address. Changes to your data stored by the shipping service provider are also logged.

Deletion and restriction of data processing: We may store unsubscribed e-mail addresses for up to three years based on our legitimate interests before deleting them in order to be able to prove consent previously given. The processing of this data is limited to the purpose of a possible defense against claims. An individual request for deletion is possible at any time, provided that the former existence of consent is confirmed at the same time. In

the event of obligations to permanently observe objections, we reserve the right to store the e-mail address in a block list for this purpose alone (so-called "block list").

The logging of the registration process takes place on the basis of our legitimate interests for the purpose of proving that it has been carried out properly. If we commission a service provider to send e-mails, this is done on the basis of our legitimate interests in an efficient and secure sending system.

Notes on legal basis: The newsletter is sent on the basis of the recipients' consent or, if consent is not required, on the basis of our legitimate interests in direct marketing, if and to the extent that this is permitted by law, e. g. in the case of existing customer advertising. If we commission a service provider to send e-mails, this is done on the basis of our legitimate interests. The registration process is recorded on the basis of our legitimate interests to prove that it was carried out in accordance with the law.

Content: Information about us, our services, promotions and offers.

Measurement of opening and click-through rates: The newsletters contain a so-called "web beacon", i. e. a pixel-sized file that is retrieved from our server when the newsletter is opened, or, if we use a shipping service provider, from their server. In the course of this retrieval, technical information, such as information about the browser and your system, as well as your IP address and the time of the retrieval, are initially collected.

This information is used for the technical improvement of our newsletter on the basis of the technical data or the target groups and their reading behavior on the basis of their retrieval locations (which can be determined with the help of the IP address) or the access times. This analysis also includes determining whether the newsletters are opened, when they are opened, and which links are clicked. This information is assigned to the individual newsletter recipients and stored in their profiles until they are deleted. We use the analyses to identify the reading habits of our users and to adapt our content to them or to send different content according to the interests of our users.

The measurement of open rates and click rates, as well as the storage of the measurement results in the users' profiles and their further processing, are based on the users' consent.

A separate revocation of the performance measurement is unfortunately not possible, in this case the entire newsletter subscription must be cancelled, or it must be contradicted. In this case, the stored profile information will be deleted.

Types of data processed: inventory data (e. g. names, addresses), contact data (e. g. e-mail, telephone numbers), meta/communication data (e.g. device information, IP addresses), usage data (e.g. websites visited, interest in content, access times).

Data subjects: Communication partners.

Purposes of processing: direct marketing (e.g., by e-mail or postal mail).

Legal grounds: lawfulness (Art. 6 No. 1 DSG), justification (Art. 13 DSG), consent (Art. 6 para. 1 p. 1 lit. a. DSGVO), legitimate interests (Art. 6 para. 1 p. 1 lit. f. DSGVO).

Possibility of objection / Opt-out: You can cancel the receipt of our newsletter at any time, i. e. revoke your consent or object to further receipt. You will find a link to cancel the

newsletter either at the end of each newsletter or you can otherwise use one of the above contact options, preferably e-mail, for this purpose.

Only in exceptional cases the full IP address is transmitted to a Google server in the USA and shortened there. Google complies with the privacy provisions of the Privacy Shield Agreement and is registered with the U.S. Department of Commerce's Privacy Shield program.
